I've lived in Spokane for over 12 years & recently have relocated to Vancouver, WA. to be closer to our family. I'm happily married and have a grown son and daughter - both of which are married & have 3 really active & neat grandchildren.

I enjoy spending time with my family, our grandchildren, enjoy music, & am actively involved at church. I am a Vietnam Veteran & was in the US Army for 4 years.

I was involved in mortgage lending in the mid 90's as a result of working in financial services for 10 years during which I was certified as a mortgage originator (*Loan Officer*).

I helped clients find the right loan for their needs & processed their loans as well, & learned how to streamline paperwork & organize files to reduce the time required to close & fund.

I looked at my job as a science - paying close attention to details - asked lots of questions - documenting everything - so I could do a *progressively better job for each client*.

I got out of the mortgage lending field while serving with Promise Keepers and Integrity Online (*a Cleaner Internet Service*) and most recently, I've assisted different businesses market their services, serve customers better, & trained their staff.

I'm a *mobile Notary Public* & a *Certified/Background Screened Notary Signing Agent*.
